Telegraph Officials Claim
Their Operating Force Adequate, Despite Walkout of

Union Leaders Say Their Order Has Been Obeyed by Majority and Predict a General Tie-Up in Few Days

DALLAS, Texas, June 11.—A. J. Fisher, a non-union lineman employed by the Dallas Light and Power Company, was shot and killed in a clash here today between strikers, sympathizers and non-union men taking the place of striking employees of the company.

The strike of the members of the Commercial Telegraphers' Union of America, called by S. J. Konenkamp, international president of the union, for 8 o'clock this morning, has affected Oakland only slightly. Conditions at the local office of the Western Union this morning were normal, according to C. Vincent manager, and while the staff of three operators at the Oakland office of the Postal Telegraph Company failed to report for work this morning the business was only partially handicapped, according to N. Waynire, Oakland manager, two new non-union operators having reported for work shortly after 8 o'clock.

"Conditions are normal with us," said Vincent of the Western Union. "With the two emergency operators and myself the strike will have little effect on our business," said Waynire, of the Postal Telegraph Company.

J. D. Holmes, district manager of the Pacific Coast Telephone Company, said this morning that the business of his company was in no way affected by the commercial telegraphers' strike.

NEW YORK, June 11.—Conflicting claims with regard to the progress of the telegraphers' strike called for today throughout the United States were made by leaders of both sides.

"In New York Western Union officials declared that 21 out of the morning force of 125 men in the main office were absent when the night shift went on duty.

The man Western Union office was picketed by union men, who declared the company was seriously crippled in handling its business.

There was no interruption of business at the Postal, it was stated by operating chiefs.

Union pickets at the Postal office however, asserted all men of the night shift walked out, leaving but four operators at work.

260 OPERATORS OUT

REYES AT PHILADELPHIA.

Union officials at Philadelphia estimated that only 100 operators left their keys there. On the other hand Chief Operator Miller of the Postal asserted that only six Postal operators quit and the Western Union claims its working force was "normal."

Superintendent Horton of the Pittsburgh district of the Western Union declared the Pittsburgh operating force was absolutely unaffected by the strike. Union officials claim 200 Western Union employees quit and two Postal operators there struck.

All Postal operators at Atlanta struck, union officials claimed.

One Western Union telegrapher and no Postal employees struck at Newark, according to company officials.

ATLANTIC CITY, N. J., June 11.—Representatives of postal employees today took steps to try to have the American Federation of Labor convention here start an offensive against Postmaster General Burleson.

Petitions urging the governor to call the special session will be circulated throughout the state immediately. State Chairman George Cauken, who urged, but not at once, a special session that California might take the initiative with Illinois and the other states which have already ratified. To them Governor Stephens made the same reply.

Governor Stephens received today a telegram from Senator Phelan urging that the special session be called. The governor made no comment on this telegram, which says:

"Hon. George Cauken, Governor of California, San Fran., Calif.—

"You have been asked to call an extra session of the California legislature to consider the ratification of the woman suffrage constitutional amendment, which is desirable because it will enable women to vote at the next presidential election, to which you will doubtless accede. I beg of you earnestly to include in your call the subject of land leasing and corporation laws so far as they affect aliens, and also an amendment to the statute affecting marriages which would stop the picture bride evil."

"Can give you indisputable evidence that the present land laws are circumvented and their purpose defeated. I will write to you more fully on this subject. The adoption of the land of California by aliens is a matter of the gravest concern not only to the welfare but the life of the state. Relying upon our common love of California, I trust you will not hesitate to help to break away from the big federalization. We are part and parcel of the A. F. of L. and intend to remain as such."

U. S. SOLDIERS SHOT IN FIGHT WITH GERMANS

COBLENZ, June 11.—(By Associated Press)—Hostility between the American soldiers and the German civilians in the occupied region which has been increasing recently, has resulted in additional clashes during the last few days. In one instance an American was killed and in others several Americans were wounded.

"I have just received reports from all seven divisions, that nothing has happened. A full force is working and traffic is clearing."

He added that he was making the statement in the hearing of several newspaper reporters.

Burleson telephoned Carlton to ask him about the strike, Carlton said.

**POSTAL FORCE AT
CHICAGO IS REDUCED.**

CHICAGO, June 11.—Practically the entire operating force of the Postal Telegraph Company went on strike here this morning.

President Konenkamp received a report that the electrical workers in New Orleans had gone out, and that telephone girls there would go out in sympathy.

Pickets at the Postal Company Building here asked other employees to quit in sympathy with operators. There was a general disturbance in which police intervened. Police told one picket that they would give him two hours to get out of town.

Some Western Union messengers announced that they were on strike.

General Superintendent of the Postal, E. W. Collins, said two hours after the strike had begun that about thirty per cent of his men here

ATLANTIC CITY, June 11.—Organized labor today went on record against war-time prohibition and in favor of the exemption of 2% per cent beer from both the war-time prohibition act and the federal prohibition amendment in a resolution adopted by the American Federation of Labor. The resolution was carried by an overwhelming majority. It provides that a strong protest embodying its essential points be sent to President Wilson and Congress.

ALLIES' OFFER
NOT ACCEPTED
BY KOLCHAKBY UNITED PRESS
LEASED N.Y. TO TRIBUNE

PARIS, June 11.—Admiral Kolchak's reply to the allies' offer of conditional recognition of his Omsk government constitutes a refusal of practically all the conditions laid down by the peace conference, it was learned from an authoritative source today. The reply contains the following:

1. Refusal to recognize the independence of Finland, which the United States, Great Britain and France already have recognized.

2. Refusal to submit the 1917 constituent assembly to arbitration as a reason the alleged fact that a majority of that body are Bolsheviks.

3. Declaration of Kolchak's right to determine the disposition of all outlying Russian territories.

4. Recognition of Poland's independence.

Kolchak's armies, according to the latest allied information, have retreated an additional 75 miles and their left wing now rests on the village of Sarapul (450 miles east of Moscow). The recession during the last month constitutes an area equal to that of the state of Maine.

were out, mostly the younger men he said that there had been some intimidation.

At the Chicago Board of Trade it was announced that Postal wire service was greatly curtailed.

POSTAL SERVICE IN
LOS ANGELES CRIPPLED.

LOS ANGELES, June 11.—"We have not lost a man so far, either in the local office or anywhere in the district as far as we know," said C. C. Boyer, assistant manager of the Western Union Telegraph Company's office here, early today. "We have a full crew on the wires, and substitutes were waiting to see whether anybody wanted to walkout at the appointed time today."

Postal operators here walked out. At the Postal offices it was admitted the company was "having trouble" but a complete tie-up was denied.

75 POSTAL OPERATORS
FAIL TO REPORT IN S. P.

SAN FRANCISCO, June 11.—The strike of telegraph operators of the Postal Telegraph Cable Company was called at 8 o'clock Pacific time here this morning, and was still in operation in the main office failure to show up for work on the day shift. According to Secretary George T. Butler of the local Telegraphers' Union, who with President P. T. O'Connor, head of the local union is directing the strike, the ranks of those who had gone out would be increased to 200 at noon; when the operators from the Western Union lines are going out in sympathy. At the general office of the Postal, Battery and Bush, officials refused to admit that there was a strike, but that the majority of the day shift operators "had failed to show up."

At 12 o'clock the morning picketing hall began at the main office and all branches of the Postal Company and less than twelve operators were on duty there, 150 being on strike, of which 20 per cent were women.

According to President O'Connor, 75 non-union Western Union operators had signed with him.

At a meeting of the morning meeting "we expect to be with the Western Union up within 48 hours," O'Connor said.

The service between Oakland and San Francisco on the Postal lines which is handled by telephone, was reduced to practically nothing, according to Vice-President E. C. Meyers. "At 8 o'clock this morning the telephone operators walked out at 8:30," Meyers also said that the Postal Company did not have a single man in its New York office this morning and but one man in Chicago.

DETROIT, Mich., June 11.—"All local telegraph operators except the chief were out this morning," G. H. McElrath, state organizer of the telegraphers' union, said today. "About 250 men left their keys."

At the office of the Postal company it was said that approximately 750 men had quit. "This is the majority," said an official of the company.

WASHINGTON, June 11.—"Not one of our telegraphers struck this morning," General Superintendent Taft of the Western Union declared this morning. "We have carefully checked over our list of absents and cannot find one that is due to disaffection," he added.

CONGRESS MOVES TO
END WIRE CONTROL

WASHINGTON, June 11.—On the eve of the nation-wide telegraphers strike both bodies of Congress have acted to end quickly government control of the country's wire systems.

The Senate passed unanimously the bill for repeat "forthwith" of the law authorizing federal jurisdiction over telegraph, telephone, cable and radio lines, while the House Interstate Commerce Committee agreed to report legislation ending government wire control June 30 next.

STATE LIBRARIANS MEET AT SESSION

NEW ADDITION TO CONSCIENCE FUND OF STATE

SACRAMENTO, June 11.—"Conscience money," amounting to \$72 in currency and 12 cents in stamps, has been added to the state funds. John S. Chambers, state controller, received a letter, bearing no signature but postmarked New York, which asked that the money be applied to supporting patients of the Stockton State hospital. The letter did not explain why the writer's "conscience" had prompted the sending of the money to the state, nor did it give any clue as to the identity of the author.

Ad Men's Cup Won by Oakland Orator

PORLTAND, June 11.—Oakland made a dent in the minutes of the Pacific Coast advertising men, in convention here, right at the very start, or at least, K. L. Hammann of Oakland did it for that city.

Hammann succeeded in winning the president's trophy for the best address on the club topic, "The Possibilities of the Pacific Coast Advertising Men's Association."

Bold Bandits Elude Detectives

SAN FRANCISCO, June 11.—What will be the outcome of an altercation between Will Parrott and Cristian de Guigne Jr., who have issued and mutually accepted the other's challenges to aistic duel, is exciting comment among the members of the exclusive peninsula here. With de Guigne called to Los Angeles, the duel istana is off until his return, the date of which is not definitely known.

No explanation can be found in fact or rumor of the row between the men which resulted in an exchange of blows Saturday at the Burlingame Country Club, of which both are members. The two men are cousins and de Guigne is a brother of the Viscountess de Tristan.

The clash between the two clubmen is the second of its kind within a few months at the Burlingame Club. G. Maurice Heckscher, New York capitalist, and John Parrott Jr., having been suspended following a fist fight at the club during April.

RUSSIAN COMPOSER FLEES FROM BOLSHEVIKI.

Serge V. Rachmaninoff, foremost Russian composer famous in America for his "Rhapsody" arrived here yesterday with his family. He will make a home in Menlo Park where he intends to stay until the Bolshevik regime in his native land is completely ended—and he predicts that this will not be far off.

The Bolsheviks served notice on Rachmaninoff about a year ago that his property had been confiscated, so he and his family—Misses Rachmaninoff and the Misses Irene and Tatiana Rachmaninoff, had to flee to Norway. They came to America in November.

At the home in Menlo Park Rachmaninoff will work on some new themes he has in mind. This is the composer's second visit to America, he having made a tour of the country nine years ago.

Rachmaninoff has a school of music where the American students, he says. "It is the music of the gypsies. Of American music I like the negro melodies best. But it is all a matter of the composer, there are no bad melodies, there are only bad composers."

Rachmaninoff received a grand gold medal on completion of his work at the Russian Imperial Conservatory in 1891. His works include: "Aleko," a one-act opera; "The Nutcracker," "Francesco da Rimini," two symphonies; "The Isle of Death," "The Cliff," "Gypsy Capriccio" and two cantatas, "Springtime" and "The Bells."

SWEET JOY KISSES

ALLEGED IN DIVORCE.

"Kisses of sweet joy," which he charges his wife was led of receiving from the passionate lips of "an ideal man" form the chief complaint in the amended action for divorce filed by Dr. John F. Baptist, dentist, against his wife, Mrs. Lucile E. Baptist, 1424 Twenty-first avenue. Baptist further alleges that his wife told a mutual friend shortly after they were married that she did not expect to be the wife of Dr. Baptist long and would soon be drawing alimony from him.

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people develop strong arms and bust, and replacing ugly hollows and gaits with the soft curved lines of health and beauty, it is evident that thousands of men and women who have lost weight due to their excessive thinness,

thinness and weakness are often due to starved nerves. Our bodies are not made to more phosphorus than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the plain phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by The Owl Drug Company in Oakland and most all drug stores under a guaranteed preparation.

By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate should produce a wonderful improvement in the appearance, the increase in weight frequently being astonishing.

Increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, should soon disappear, dull eyes ought to brighten, and pale cheeks glow with the bloom of perfect health. George Hamilton, who was once thin and frail, reporting her own experience, writes: "Bitro-Phosphate has brought about a magic transformation with me. I weighed 15 pounds when I first took it, and now feel as well as ever."

CAUTION:—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its tendency to increase weight, be used by anyone who does not desire to put on flesh.—Advertisement.

Loss of Appetite.
As a general rule there is nothing serious about a loss of appetite, and if you skip a meal or only eat two meals a day for a few days you will soon have to fish for your meals with more gusto. Bear in mind that at least five hours should always elapse between meals so as to give the food ample time to digest and the body the period of rest before a second meal is taken. Then if you eat no more than you crave and take a reasonable amount of outdoor exercise every day you will not need to worry about your weight. However, the loss of appetite is caused by constipation as is often the case, that should be corrected at once. A dose of Chamberlain's Tablets will do it. For sale by Osgood Bros. Drug Stores.

day Judge Griffith dismissed a writ of habeas corpus, and Detective Phil O'Neill of Boston, who has waited three months here for this action, started for the East in charge of Ardelino. Attorney Harry Stafford, counsel for Ardelino, said yesterday that he would take steps to have the prisoner and the detective stopped during the trip.

PRISONER ACQUITTED ON MURDER CHARGE

Leonard Madden was acquitted on a charge of killing Richard John McNeill by a jury in Judge Griffin's court yesterday after he had withdrawn a plea of guilty and decided to fight for his freedom.

Court records show that on February 12, six days after he had been released from Folsom prison, Madden struck McNeill and knocked him down and took a purse from his pockets. McNeill died from a fractured skull an hour later.

Yesterday two guards from Folsom prison testified that the purse, given to McNeill, was one which Madden carried with him while in prison. Madden testified that he was with McNeill on a street car when McNeill asked him to buy him a drink. He refused, saying he needed all of his money. An altercation started and they were put off of the car. On the street, McNeill asked to see how much money Madden had and snatched the purse from him. It was during the struggle to regain his purse that McNeill was knocked down.

ACCUSES MOTORMAN OF KILLING HUSBAND

Mrs. Theresa Perasso, who is suing the United Railroads for \$75,000 for the death of her husband, who was killed in the street car accident in Visitacion Valley last July, became hysterical and sprang to her feet and shouted, "That is the man who killed my husband" upon the entrance of George Sweetman, motorman, on the death car into the courtroom.

Court was adjourned and Mrs. Perasso taken from the room before Sweetman's testimony could be heard. The incident in the courtroom yesterday has excited some comment as Mrs. Perasso is supposed never to have seen Sweetman before.

Sweetman told of the accident and how a passenger had said when they were about 200 feet from the scene of the accident, "Look out, kid, your air is going down." He said he pulled on the emergency brake and remembered nothing further until he regained consciousness in the wreckage.

ASKS FOR \$15 MONTH, AND IS GIVEN \$75

Mrs. Edith S. Mazza was awarded \$75 a month alimony for support of herself and her child by Judge Shartall yesterday when he granted her a decree of divorce from Antoine Mazza, a blacksmith, on grounds of cruelty. Mrs. Mazza had asked but \$15 a month in her suit for divorce.

DEVICE RECORDS PROXIMITY TO SHIPS

An invention which automatically records the proximity of an object to a vessel by means of a register dial in a ship's wheelroom, and which in adapted form will record the depth of water below the hull and which has been in use by the navy for three years, will soon be put to commercial use. The device was invented by a San Francisco engineer who is under injunction of the War Trade Board against disclosing details. He expects that he will be allowed to develop the device commercially with the signing of its manufacture.

BARBER'S EXTRADITION PROVES COSTLY

The State of Massachusetts has already paid over \$50,000 in order to secure the extradition of Ernesto Ardelino, a barber, charged with omitting to contribute to the support of his minor child, and all of the expense is not over yet. Yesterday

Old Herbal Remedy Relieves Diabetes

The best results have been obtained in combating Diabetes by observing certain dietary rules and the judicious use of Warner's Safe Diabetes Remedy, an herbal preparation of forty years' successful use.

A grateful user writes: "Your medicine is a miracle to me. My weight was reduced from 157 to 114 pounds when I left the hospital in despair, August 6. Hundreds of people said I would never live to return to my studio. After leaving the hospital, I saw your 'Ad.' I began its use and at once commenced to improve. Now everybody is saying to me that I look better than ever before. I tip the scales at 132 pounds and working again to the astonishment of all. Feed splendid and people say I am looking better. Every word I have said is true. I can prove it by hundreds that knew of my condition. Jules Friequet, 511 West First street, Los Angeles, Cal."

Warner's Safe Diabetes Remedy is made from herbs and other beneficial ingredients and has been on the market forty years. Get a bottle today.

The increased cost of every material that enters into the production of a metropolitan newspaper finally has made it impossible to maintain the five-cent price for the big Sunday production.

Beginning with next Sunday's issue, June 15th

PAGEANT TO GIVE STORY OF STANFORD

STANFORD UNIVERSITY, June 11.—With the presentation here Saturday evening by Garnet Holme of the pageant, "Service," the complete history of Stanford University will be unfolded in allegorical scenes. Announcement has been made that Mr. Frank Angell will take part in the Belgium scene in connection with the decoration of the colors. A member of the committee on Belgian relief, Dr. Angell was in Europe with Herbert Hoover, head of the United States Food Administration. Dr. Angell will be assisted by members of the student body.

The "Old Guard" will be another feature of the "Service." The professors who came to Stanford with Dr. David Starr Jordan, and were present at the first inauguration, will in most part attend the chancery in his repetition of the first address.

In the Peter Couts scene, in which R. A. Martinelli will take the role of the erratic old Frenchman, who for many years has been a subject of mystery at Stanford, a number of old Palo Alto residents will appear in a representation of the early days. Most of the actors will be the people who were the personal friends of Couts, and their part in "Service" will portray more vividly the days prior to the founding of Stanford. Joseph Merrill will take the part of Eugene Chorgunson in this scene.

The decoration of Stanford Ambulance units by the French government will be an imposing scene. Directed by the men of the Stanford units, the presentation of the units selected in Belgium should be particularly interesting. During the past few weeks many of the men of the first and second Stanford Ambulance units have returned to the campus.

"Civilization" will be the name of the interesting scene displaying in detail the great St. Gaudens frieze. The frieze shows the march of civilization, from the early discovery of America, when Columbus is shown unveiling the new land, to the early days in California.

Secretary of Jewish Society Will Recover

LOS ANGELES, June 11.—Cassier Samuels, secretary of the Jewish Relief society, who was shot Monday in his office here, was reported better today and probably will recover.

Louis Goldfield, of Youngstown, Ohio, who is held as Samuels' assailant, told the police he had intended to kill himself but after firing at Samuels, was too weak to pull the trigger of his gun.

Marchioness Fined as Food Profiteer

LONDON, June 11.—The Marchioness of Queensberry, formerly Mary Bickel of Cardiff, has been convicted of selling sausages at her shop at a penny a pound above the price set by the food controller. Her managers were cited into court and paid a fine of £6 (\$30).

JOHN C. SPOONER, N.Y. TO VOTE ON WISCONSIN DIES

NEW YORK, June 11.—John C. Spooner, former United States senator from Wisconsin, died at his home early today after an illness of several weeks. He suffered a relapse Monday.

Sixteen years a United States senator from Wisconsin, each one of which, in the words of President Roosevelt, was "a direct financial loss which he could not afford." John C. Spooner, who witnessed the session with which the legislators of his state had thrice honored him, and retired in 1907 to practice law.

Born in Lawrenceburg, Ind., January 6, 1843, the son of Judge Philip Spooner, who removed to Madison, Wis., when John was 16 years old, the future senator received his A. B. degree from the University of Wisconsin in 1864, after having served with distinction in the Union army in the Civil war.

GEOLIST DIES.

COLORADO SPRINGS, Colo., June 11.—James Hutchinson Kerr, 82 years old, a pioneer of Colorado and widely known as a geologist and mining engineer, died here after an illness of six weeks.

ALBANY, N. Y., June 11.—An extraordinary session of the New York Legislature for Monday, June 16, has been called by Governor Smith to act upon ratification of the woman suffrage constitutional amendment.

NEW YORK, June 11.—Ratification of the suffrage amendment by the Legislatures of Illinois, Wisconsin and Michigan, with Governor Smith's call for an extra session, has caused jubilation at the headquarters of the National Women's Suffrage Association.

News of Governor Smith's action followed close on the receipt of telegrams by Mrs. Carrie Chapman Catt, president of the association, from the executives of Kansas, Iowa, New Hampshire and Minnesota promising similar action.

Governor Allen of Kansas telegraphed that he had issued a call for a special session on June 16, and that he believed unanimous favorable vote would be recorded.

Governor Harding of Iowa wired that he had no doubt the amendment would be adopted at the session of the Legislature which will meet in January, 1920.

Guests From East Motif for Informal Affairs

Several smart luncheons are to be given by East Bay hostesses this week and next, one of the largest to be that over which Miss Annie Miller will preside as hostess Wednesday, June 18, at the Claremont Country Club in compliment to Mrs. Mark Lawrence Regua and her daughter, Misses Alice and Amy Regua. At the larger table will be seated the friends of Mrs. Regua and the hostess, and nearby will be a handsomely appointed table for the young friends of the two daughters of the Regua household. A number of other informal affairs are planned to welcome Mrs. Regua and her daughters upon their return to California.

This afternoon Mrs. Wal on Norwood Moore entertained a score of friends at a tea at her home in Claremont Highlands, an hour or two of bridge being the order of the day.

At the Sequoia Country Club tomorrow afternoon Mrs. John E. French of Berkeley will entertain ten friends at luncheon. It is one of many informal motor parties to the club during the week.

Friday afternoon—Ladies' Day will be of particular interest this week, since besides the meeting of golf between the women teams the afternoon will be given over to the entertainment by the club of the ladies who are guests in Oakland with their husbands, attending the hotel convention. A pleasant afternoon will be planned in their honor at which the hospitality of the club will be extended by its members to the visitors. *

For an extended tour of Canada and the Eastern states Mrs. Bertram Adams of Montclair avenue, Piedmont, will leave Saturday. She will be the guest of friends in many of the larger cities which she will include in her itinerary of the North and East. *

WILL MOTOR TO YOSEMITE VALLEY.

Mr. and Mrs. Claud Hamilton Mitchell and Stuart Ayer Mitchell have returned from San Jose, where they were the guests of Mrs. Mitchell's mother, Mrs. S. F. Ayer. Later they will be seen with a party of relatives from the Oregon City, including Mr. and Mrs. H. M. Ayer, Mr. and Mrs. Frazer Reed, Mr. and Mrs. James Lee Ogier and Miss Ethel Ayer.

At her home on Fairbanks avenue this afternoon Mrs. John E. Raymond Newsom entertained at a bridge tea for a score or more of her friends. Among the guests were Mrs. M. A. Preston, Mrs. Joe Hinchliffe, Mrs. Fred Farnum, Mrs. Fred Spear, Mrs. Hazel Nelson, Mrs. Raymond Jones, Mrs. Peter Daniels, Mrs. Vivian Bell, Mrs. Anstruther Dalziel, Mrs. James Ludlow, Mrs. Edwin Schloss, Mrs. John E. Earle Anderson, Mrs. Vernon Nettie, Mrs. Fred Shores, Mrs. Chas Gedding, Mrs. Marion Turner, Mrs. Horace Brown, Mrs. C. H. Welch and Mrs. Walter Baker. *

Mrs. Dora Murray has returned to Oakland from Petaluma after a visit at the home of Mr. and Mrs. O. J. Cline. While there a family reunion and dinner was held in honor of the ninety-fifth birthday anniversary of Mr. Cline's mother.

Many East Bay residents have enjoyed a fortnight or longer in the Yosemite valley. Mr. and Mrs. H. Spens-Black were guests at the Hotel Sentinel.

Mr. and Mrs. Ernest D. Mendenhall have taken one of the attractive cabins at the Sentinel camp.

Among other notables to the valley are Mrs. E. E. Newton, Mrs. Frank Bowles, Mrs. S. S. Bowles and Miss A. Bowles.

Miss Helen Palache was also a guest at the valley.

WEDDINGS TO TAKE PLACE THIS EVENING.

Two beautiful weddings to take place this evening are those of Mrs. Mary Louise Black and Allen Lowery of Honolulu in San Francisco and Miss Flora Macdonald and Frank Grinnell Page, the latter at the Piedmont Interdenominational church. Some 200 guests will witness the Piedmont ceremony to be read by Rev. Father Gee of St. Peter's church.

In honor of Miss Mildred Keifer, fiancee of Jack Matthews, a bride party will be given Saturday afternoon by Miss Carrie McGehee at her home in Merriman street. Last Saturday afternoon Mrs. Keifer was entertained at a luncheon and matinee party at the home of Mrs. Ernest M. Clay. Guests were laid for twelve guests and the luncheon held at the Hotel Oakland.

Local Society
Plans Annual
Children's Outing

The Anti-Tuberculosis Society of Alameda county is making plans for the annual outing which it affords the little children under their care who are stricken with the malady. Five dollars will keep a child one week in the mountains in the summer camp, where the children are to have the advantage of plenty of fresh milk, eggs and the delicacies which serve to build their strength to outgrow their ailment and make strong and robust men and women of them. Twenty-five dollars will keep a child a month in the Santa Cruz mountains, where the camp is to be installed. A few dollars means the saving of the life of a child, and to the society is asking all persons for donations, so that they may in this way fight the white plague.

Donations of any amount are welcome if the stipulated amount cannot be afforded.

ANTI-GAMING ORDINANCE TO BE MODIFIED

THE POLICE FORCE OF THE BODY

DAY and night—without ceasing—a struggle is going on in your body between the germs of disease and the white blood corpuscles—the police force of the human body.

If this police force weakens, disease germs gain a foothold—sickness follows.

Constipation is the most common and dangerous way of corrupting the human police force. Food waste remains too long in the intestines—decays—poisons the blood—and opens the way for attack by the germs that cause tuberculosis, diphtheria, pneumonia and a multitude of other ills.

The culpable habit of using salts, pills, mineral waters, castor oil, etc., to force the bowels to move, makes this condition even worse, as constipation returns almost immediately.

Nujol is entirely different from drugs as it does not force or irritate the bowels.

Nujol prevents stagnation by softening the food waste and encouraging the intestinal muscles to act naturally, thus removing the cause of constipation and self-poisoning. It is absolutely harmless and pleasant. Nujol helps Nature establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world.

Get a bottle of Nujol from your druggist today and keep your police force on the job.

Warning: Nujol is sold in sealed bottles bearing the Nujol Trade Mark. All druggists, insist on Nujol. You may suffer from substitutes.

Black River Falls, Wis.—"As Lydia E. Pinkham's Vegetable Compound saved me from an operation, I cannot say enough in praise of it. I suffered from organic troubles and my side hurt me so I could hardly lie up from my bed and I was unable to do my housework. I had the best doctors in Eau Claire and they wanted me to have an operation, but Lydia E. Pinkham's Vegetable Compound cured me so I did not need the operation, and I am telling all my friends about it"—Mrs. A. W. Bresen, Black River Falls, Wis.

It is just such experiences as that of Mrs. Bresen that has made this famous root and herb remedy a household word from ocean to ocean. Any woman who suffers from inflammation, ulceration, displacements, backache, nervousness, irregularities or "the blues" should not rest until she has given it a trial, and for special advice write Lydia E. Modifications in the proposed "anti-gambling" ordinance that will come before the city council tomorrow for final passage were discussed today by Commissioner F. F. Morse, who introduced the measure, and representatives of cigar stores, candy companies and others, who contend that the stringent terms of the law would halt "harmless" games such as dice games in cigar stores, wheels of chance in amusement parks and other games where candy and prizes are won.

The clause, "any game of chance for anything of value" may be changed to "any game of chance for money," was suggested at the conference as the probable solution of the difficulty. Morse contends that the law is designed only to halt commercialized gambling, with particular reference to card games where workers may play and lose their week's pay.

"I do not want to stop the harmless games, and do not think the people want this," said Morse. "In fact, I do not know but what we have plenty of law already, and that proper direction of enforcement would be the real solution. I understand that candy companies object to the present law on the ground that their goods are sold mainly through cigar stores in 'twenty-six games.' The law was not intended to affect anything like this."

Morse says that he will have several amendments to offer tomorrow.

Capwell Employees to Give Theater Party

To replenish the treasury after paying out \$2000 in sick benefits during the past year, the Employees' Association of the H. C. Capwell company will hold a benefit theater party at the Klemma tonight. In addition to Lieutenant Bert Hall, a person on the screen in "A Person of the Air," there will be pictures of the Capwell store, educational work and of the annual picnic given the employees by the firm on June 1 at Capwell's summer home at Brookdale.

Arrangements have been made for a special entertainment feature, in which Lloyd Catheart will appear in latest songs, accompanied by Miss Fay White of Capwells.

Suicide Motive of Woman Is Unknown

Investigation is being made by the coroner's office today of the suicide of Mrs. Christina Bruenn, 55 years old, whose body was found last evening hanging from the transom of her room at 306 Jackson street. She had been dead since Sunday, medical examiners believe.

The woman, who had been living at the lodging house for two months, had tied a rope about her neck, fastened it to the transom, and jumped from a chair. Efforts are being made to find her family and ascertain a motive for the suicide.

ORRY HE DIDN'T KNOW LONG AGO

acramento. Man Says Tanlac Rid Him of Old Trouble. Gains Fourteen Pounds.

"Well, sir, I just wish I had known you Tanlac years ago," said Thurston, of 251 S. street, Sacramento, in the Owl Drug Store recently. "I often lived in Sacramento for your Avocado and I am employed by the Burnett Packing Mills.

"For ten years I suffered with stomach trouble," continued Mr. Thurston, "and it seemed to get worse and worse. I went to a doctor and he said that he could hardly do my work and I seemed to be losing my strength right along. I was troubled with constipation, too. I took a lot of medicine, some sort of medicine for that along with my troubles, but nothing I ever took did me more than passing relief till I started on Tanlac.

"About Tanlac I do not care to give it a trial and the very first bottle helped me a whole lot and the time I had finished the second bottle, I had lost 10 lbs. The very doctor I'd been taking for, I've already taken four bottles of it and now haven't a bit of trouble. My appetite is come back to me. I can eat just about anything I want and never feel uncomfortable. My stomach is as I'm not bothered with constipation, either, and the pain in my back and arms has left altogether. I've gained fourteen pounds since I started on Tanlac. I feel like a lot at night and get up in the morning full of energy to do my work. Tanlac sure helped me when I needed help, and I just can't say too much for it.

Tanlac is sold in San Francisco and inland by the Owl Drug Company.

HOME FIRED BY FOE, SAY POLICE

An investigation is being made by the police department to discover the origin of the fire which partially destroyed the home of Mrs. Anna Gladstone, 568 Forty-sixth street.

Mrs. Gladstone, who is 82 years old, nearly lost her life in the fire. The

blame was all around her when Lieutenant of Police James Walter rushed into the bedroom and carried her out. Mrs. Nettie Emerson, who lives with her mother, states that the fire was preceded by a small explosion, such as might have been caused by a small fire bomb. Inspector Kyle of the police department worked on the investigation yesterday. He expressed his opinion today that the fire was set and was not accidental, but would not attempt to place the blame on any one.

The fire started in a room used for storing furniture which had not been visited for several days.

WEDNESDAY, JUNE 11, 1919.

REMEMBER THE RECORD.

Governor Hobby of Texas may have been unnecessarily alarmed in requesting additional armed forces along the Mexican border and asking for authority to call to active service two regiments of Texas militia. The commander-in-chief of the federal forces along the Rio Grande intimated that such was the case by informing the Secretary of War that the strength of the units under his command is adequate to cope with any possible phase of the Mexican situation.

Yet it should not be forgotten that the federal authorities have uttered other assurances of adequate protection for American citizens along the border and in Mexico—assurances which were succeeded by a sad list of killed and missing. Such assurances were given at frequent intervals between 1910 and the latter part of 1916. But during those five years 245 American lives the records show, were sacrificed to Mexican anarchy and revolution.

No one wants an unfounded scare about Mexico, but everyone wants effective safeguards against a recurrence of that scandalous indifference and watchful waiting which for five bloody years suffered all manner of outrages upon peaceable American citizens pursuing their lawful occupations in the vicinity of the Rio Grande. Time will tell whether Governor Hobby of Texas or the War Department at Washington has the right conception of the Mexican situation.

THINK!

Thirty-eight years ago Judge J. H. Logan of Santa Cruz, California, effected hybridization between the blackberry and the red raspberry. The loganberry was the result. The new seedling was a robust grower, of abundant cane and foliage, as well as fruit. The fruit was of large size, some specimens being an inch and a quarter in length and containing a large quantity of juice of high acidity.

Since then the culture of the loganberry has made astounding progress. It is now extensively grown in California, Oregon and Washington and has been introduced in other States. Jams, jellies, syrup, beverages and pie made from the loganberry.

HOW TREATY-MAKING POWERS ARE DIVIDED

Mrs. Mackie's letter in another column on this page illustrates some of the many misconceptions existing in regard to the treaty-making powers and duties of the government of the United States and how those powers and duties are distributed. Dr. Woolsey's contention in Leslie's Weekly that the phrase, "with the advice and consent of the Senate," in the Constitution places the negotiations as well as ratification jointly in the hands of the Senate and the President is as old as the Republic, but it has long since been discredited at law and in practice. President Washington was apparently guided by the idea that the Senate should be informed of the progress of treaty negotiations and be accorded the privilege of contributing its advice, for in 1783 he communicated frequently with the Senate regarding the agreements then pending with the "Southern Indians." But the practice of consulting the Senate prior to conclusion of treaties quickly fell into disuse and has seldom been resorted to since the administration of President Jefferson; that is, in a formal manner. Of course, Presidents have frequently discussed with a few Senate leaders, usually the committee on foreign relations, the provisions it was designed to include in a proposed treaty.

President Jefferson himself pointed out that treaty-making is confined to two branches only—the President originating the treaty and the Senate having a negative, and "the negotiations are carried on by the Executive alone" (Jefferson's Manual of Parliamentary Practice). Professor John Bassett Moore (Digest of International Law, 1906) has reduced the modern conception to this phrase: "The negotiation and modification of treaties is a prerogative of the executive alone."

In practice and according to legal and the best political opinion, the prerogative of the Senate to give "advice" is to be exercised solely with reference to ratification or amendment of a negotiated treaty and in conjunction with the giving of "consent" or of notice to withhold consent. In the connection it is well to remember that actual ratification of a treaty is performed by the President, but may be accomplished only after the reserving clause that the treaty shall become effective "upon ratification, with the

consent and approval of the Senate, by the government of the United States," or words to that effect.

The Senate therefore comes into the exercise of its constitutional right to act upon a treaty after the treaty has been negotiated, signed and communicated to it by the Executive. Many treaties have been rejected outright by the Senate and others have failed of consummation through the refusal of that body to act on them. It was formerly the doctrine of European sovereigns that for a government to refuse sanction to a treaty which its commissioners had negotiated, under and in accordance with authority previously granted, was an act of dishonesty and bad faith. But that was in the days of the divine right of princes and kings and before foreign monarchs were adequately acquainted with the American system of government. Such is no longer the case.

Both the Executive and the Senate are limited in their powers to negotiate, approve and ratify treaties by the Constitution. They may understand the radical agitators who are in public position, especially in our legislative halls, seem headed straight for the decadence. In other words, the people themselves, through their thinking, are far ahead of many of their pseudo leaders.

While the writer of this letter, as far as he is a partisan, is a Republican, he is frank to say that, as far as Americanism is concerned, we have thus far developed one real prophetic leader in the midst of this world crisis, and that leader is no other than our President. The man who is so blind that he will not see this fact is too blind to lead the people safely in these hours of supreme concern.

Allow me to express the hope that this may be but the beginning of a continued intellectual leadership that shall give to your paper the standing to which it is entitled among the "around the bay" journals.

Again thanking you for this editorial, and wishing you the largest possible success, I remain,

J. C. REED,
Associate Secretary, Interchurch
World Movement of North America.
San Francisco, June 9, 1919.

If the peace conference will hurry the finished peace treaty it may be signed by the time the United States finishes reading the original rough draft over which it has made so much fuss.

Organized labor sees the necessity of getting on solid ground by disowning the radical agitators who have been having too much voice in their affairs. The sentiments expressed at the opening session of the Federation of Labor convention were reassuring.

A point has undoubtedly been made against somebody in the fact that an American newspaper correspondent and Senator Borah have succeeded in obtaining copies of the peace pact while the Senate of the United States has been overlooked. Who is the point to be charged up against?

SPIRIT of the STATE PRESS

W. G. McAdoo, who passed the trouble back to Carter Glass and became a highly paid attorney for movie interests, has had a film taken of him in cowboy regalia. This seems partly appropriate. When the federal finance broncho showed signs of sunfishing, Mac slid off. In this he did not compare favorably with Buster Bill Hart. But in doing stunts with the daily treasury statement, Mac had it all over Fred Stone and his lariat loop-jumping. And when it came to lassoing and hogtying the railroads, McAdoo was in a class by himself.—Martinez Gazette.

Major Jim Ralph of Frisco is speeding to Washington to head off a movement of the government to expand some thirty-six million dollars on a new naval base on San Francisco bay. Mayor Jim had a site all staked out and had big lied for this naval base, but a few headstrong engineering experts think they have found a better place at Alameda city. And Jim is hurrying to Washington to spill the beans for the bay.

Years ago Horace Greeley said, "Go west, young man." Champ Clark says, "Go south, my boy." The western voters say to their senator, "Go east, colonel," and Doc Cook said to the world, "Go north with me." That pretty well covers the points of the compass and leaves only room for the additional suggestion, "Go to work."—Merced Star.

NOTES and COMMENT

From Washington comes a formula for stopping forest fires. It is to omit starting them. It is perfectly efficacious, but difficult of application. The person who fares forth in the forest is so often inexperienced and so frequently indifferent that the formula needs bolstering.

Laymen may gain an insight of the exactness of the public service in some other cities through the introduction of a resolution by a supervisor requiring commissioners and city and county officials to be on their jobs Monday afternoons when the board is in session "and might want them." Other times, it is to be inferred, their presence is not important.

The value of school drill as a precaution against the dangers of fire was illustrated at the Hawthorne school in San Francisco, but the criminality of wooden buildings for schools was also illustrated in the destruction of the building. There is a hunch to profit by in both experiments.

This is the season for annual convocations. As this is the epoch of organizations there is something going somewhere nearly every day. And these meets are beneficial in synchronizing mankind, as it were. It was but a very short time ago that one community did not know that another was doing.

Increased automobile ferry service has become one of the necessities. The amazingly expanded vogue of the gas vehicle has created a new condition that will have to be met. Landings for automobile ferries do not need to be central, but boats will have to be roomy.

It is stated that 46 per cent of the tested babies of the state are faulty. It does not appear what is meant by "faulty," but it is certain that such imperfection is not concurred in by the respected mothers. And it is probable that it was pronouglated from a safe distance.

The hot-check magnate is a new one, but it is not to be assumed that he hasn't status among the high and mighty. He is the personage who owns the concession and enjoys the increment of the station at the entrance of every place in which one may tarry for refreshment or entertainment, and his gains are mighty in the aggregate.

When the flight across the Pacific in an airplane was discussed recently in this column it was not known that aviators were already considering it, but now it is announced that Thomas H. Ince has offered a prize of \$50,000 for the first successful effort in making the flight from Venice in this state to Australia. We may rest assured that the money will be tried for in good time.

Apparently due to indecision or laxity on the part of federal authorities the predicament of canners as to tomatoes. Government has a good share of last year's pack, purchased by the army and not needed. The uncertainty as to what will be done with this surplus is detering arrangements as to this summer's pack.

"Berlin wants the war guilt set" provided, of course, it is "set" on somebody else. Germany is still nursing the fiction that anybody and everybody is to be blamed except the Hun.

OUR CHAMPION HIGH JUMPER

The Senate and the Peace Treaties

To the Editor of The Tribune:

Did he obtain it in accordance with the Constitution? Was it by the advice of the Senate and with the consent of the Senate (two-thirds present concurring), that the power necessary to enable him to negotiate such an important treaty? I suppose this to be the case, but I have never been able to verify it. There are others besides myself who have never known positively how the President obtained the authorization for the negotiation of this particular treaty. If you will kindly give a line or so to it in your columns. At the best the nation is in a precarious situation when the negotiation of a treaty such as the one in making is the duty of a single citizen, even though he has the best credentials.

It seems to the writer that there was never a time when a real editor with a true appreciation of the world situation and a vision of world needs could render more effective service to our common humanity than at the present. The man in position of leadership today, whether in church or state, who is not thinking in world terms is a back number. Unfortunately many of the men who are in public position, especially in our legislative halls, seem headed straight for the decadence. In other words, the people themselves, through their thinking, are far ahead of many of their pseudo leaders.

While the writer of this letter, as far as he is a partisan, is a Republican, he is frank to say that, as far as Americanism is concerned, we have thus far developed one real prophetic leader in the midst of this world crisis, and that leader is no other than our President.

Hope you can make this matter as clear as you have many to present.

DIPLOMATIC.

Cyril Maude, the English actor, says he's shy, very shy, but he's not so shy as his friend Smith.

Coming downtown on a trolley car the other day, Smith happened to sit next a woman with an extremely long hairpin in her hat. Every time the car jerked, Smith got a dip.

As he was about to leave the car, he turned to the woman and said most apologetically, "Pardon me, madam, I'm so sorry it happened, but there's a drop of blood from my eye on your hatpin."—Everybody's Magazine.

FATHERS' DAY FLOWER.

The custom inaugurated by the members of the Melvin W. Challen Bible class of the South Avenue Methodist Episcopal church of Wilkinsburg, Pa., of observing Fathers' Day by the wearing of a dandelion was observed again this year by the class. The class adopted the dandelion as their emblem for the reason that it will never be commercialized and that it is symbolic of the fathers for the reason that no matter how often trampled upon the petals always pop up unruffled and unbroken.—Pittsburg Dispatch.

GOOD NEWS FOR MINERS.

It would have done Ruskin good to hear the members' fury of eloquence and artistic zeal in the House of Commons on a subject which has so often left them cold. Morris, too, would have rubbed his hands with delight had he been a listener in the distinguished strangers' gallery. Nothing could have exceeded the Napoleon vigor of Ormsby Gore, and Sir Martin Conway rendered the House almost breathless by confidently inviting it to consider "magnificent warm pools" for the mining districts, on the lines of the parochial baths of Caracalla, these are but wholesome evidences of the rapid trend of thought in the right direction.—New York Evening Post.

MARY'S TO
LOSE SCHOOL
YEAR JUNE 20President for State University Is Sought in the East
Wheeler to Be Put on the Emeritus List July 15th

With Dr. Benjamin Ide Wheeler becoming president emeritus and the coming of the new president, to be chosen by the committee of regents and faculty, the University of California will get along after July 15 as best it may until a new president is chosen. Meanwhile, as intimated in the recent meeting yesterday afternoon, a sub-committee in the east seeking Dr. Wheeler's successor.

This indicates that no western man will be chosen for the post was generally believed on the college campus today. Professor David P. Barrows, recently honored with a generalship, Dr. Ralph Palmer Marston, controller of the university on leave, and others resident here who have been mentioned for the post from time to time have been ruled out.

It was hinted that Allerton unless he were appointed to the position, would not return as comptroller, but Marston has not confirmed such a statement.

Among the eastern men believed now to be under consideration are Professor Charles Mills Gayley, Harvard College; Professor James M. Jackson, University; Professor Edwin F. Gay, Harvard, and Professor V. Williams Jackson, Columbia University. It was stated yesterday that final decision will not be made until members of the board of regents have gone east.

AS PRESIDENT EMERITUS. Dr. Wheeler is retired, according to the regents' action yesterday, when he first came to Berkeley. Dr. Ide conducted upper classes and post-graduate courses in comparative physiology, the study in which he had specialized.

He will be succeeded by the present chairman of the department of physical education for the coming year.

Other appointments follow:

Ernesto Buceta, formerly member of the Department of Romance Languages of Johns Hopkins University, has been appointed to Spanish to fill the vacancy left by the death of Professor Roman Jaen.

Donald Bruce, assistant professor of forestry, on war leave in France, returned to active duty and promoted to associate professor.

The following have been granted leave of absence because of war or other government services: A. F. Swain, assistant in entomology; E. B. Babcock, professor of genetics; W. C. Fawcett, assistant professor of agricultural extension; O. Eason, assistant professor of Forestry; W. H. Stabler, assistant in veterinary science.

Two national research fellows have been granted by the National Research Council of Washington, D. C., to continue research work in the laboratories of the University of California. They are Dr. W. H. Rodebush and Dr. F. P. Bichowsky. Their appointments as research fellows in the service of the government to continue research work begun under the stress of the war. While at the university they will hold the title of research scientist.

THE VERDICT. The gift by an alumnus member of the university of \$1000 in support of the work of the University Branch Observatory at Santiago, Chile, was announced at the meeting of the regents.

A gift of the sum of \$100 by Dr. S. S. Spalding, a support of the University of California astronomical work in Chile was also announced.

Other gifts announced were: From Captain J. M. Scammon of the United States Army, \$100; from Brazil, one thousand and five hundred lithic fine specimens, all from Rio de Janeiro; from J. C. Cobian of San Francisco, 169 volumes of recently published Spanish scientific and literary work; from Dr. Ricardo Díaz, a painting of the Victoria Cross in the war, one of the special mounted constables, was pulled from his horse and so maltreated that he is not expected to recover.

PROF. REED PROMOTED. Thomas H. Reed, professor of municipal government, was reappointed assistant professor. He formerly was city manager of San Jose. Dr. W. P. Lucas, who has returned from Red Cross work in France, was reinstated as assistant professor of pediatrics. Dr. Martin A. Meyer, who has been on leave of absence, was reinstated as lecturer in Social Literature and History.

Dr. Elmer Dershem, formerly of the University of Illinois, instructor in physics, returned from the service.

Dr. J. V. Breitwieser, appointed associate professor of education. Dr. Breitwieser was formerly at Colorado College, where he was professor of physics and mathematics.

J. F. Forbes, lecturer in accounting.

Robert Hunter, lecturer in economics.

Ludwick Ehrlich, lecturer in political science.

John Fisk, who has just returned from the air service, where he was connected with the personnel office before he became a flier, assistant to the recorder.

A. P. Macpherson and H. H. Phleger were granted leave of absence as lecturers in law.

Dr. Elmer Dershem, formerly of the University of Illinois, instructor in physics.

D. W. Tubbs, returned from the air service and who was formerly a citrus grower of Southern California, assistant in agricultural engineering.

Ralph Benton, who has also returned from the service, instructor in agricultural education.

W. E. Wank, assistant in soil technology.

R. N. Davis, assistant in agricultural extension.

J. F. Kessel, teaching fellow in zoology.

W. O. Johnson, assistant in agricultural extension.

R. J. Trumpler, Martin Kellogg Fellow in the Lick Observatory.

E. Curt Walther, teaching fellow in geography.

W. H. Williams, instructor in physics. Williams was formerly a colonel of artillery, assigned to staff duty in Washington, D. C. He is a graduate of the United States Military Academy at West Point.

Miss Edna Roof was granted a leave of absence for one year and Miss Caroline Coleman temporarily appointed to her place as instructor in physical education.

Dr. E. H. Falconer reinstated as associate professor of medicine.

Dr. E. J. Best reinstated as instructor in medicine.

W. E. Innan, teaching fellow in ecology and mineralogy.

Miss Edna Lovel Walton, assistant in English.

Two Jilian clubs.

It's no reason why a person take sickening salivating when a few cents buys a bottle of Dodson's Liver Tone instead of calomel. A pleasant, vegetable liquid will start your liver just as calomel, but it doesn't you sick and can not salivate. Green and grown' folks can Dodson's Liver Tone, because it's a dangerous drug. It

is mercury and attacks your bones. Take a dose of nasty calomel and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work.
